Information in English

Welcome to the website of the student council of the Faculty of Technology at Bielefeld University.

Unfortunately most of our daily work is done in German and we do not have much capacity for translation, so these pages are also mostly written in German.

Nevertheless you are very welcome to contact us if you have any questions regarding your studies, formalities at the uni, old exam protocols, political work in the faculty committees, or general advice!

You can reach us either

- by mail to info@fachschaft.techfak.de or
- via our Discord server or
- via Matrix/TeamChat chat in our space there.

Please don't hesitate to write to us! You can also drop by at our office in M3-101 any time. We have a time table for when we should be open. Just keep in mind that we're a group of volunteers and sometimes, University life gets in the way.
